

Hopkinsville Kentuckian.

CHAS. M. MEACHAM, Editor.
FRIDAY, SEPTEMBER 6, 1889.

HOPKINSVILLE, KENTUCKY.

A live and growing city of 5,000 inhabitants, situated in a country of 10,000. The Louisville and Nashville by two lines of railroad in the country. The largest tobacco growing county in the world. Wheat, corn, hay, coal, live stock and fruits produced for export in large quantities. The city has four banks with an aggregate capital of \$1,000,000. A planing mill and wagon factory, three carriage factories, line factory, tobacco manufacturers, two breweries, three brick yards, brown factory, steam laundry, ice factory, two large flouring mills in the city and several in the county. Splendid driving par and fine opera house. Five turnpikes converging in Hopkinsville. Building and Loan Association, Commercial Club, a telephone exchange, numbered streets and houses and city lighted by gas. Macadamized streets and brick sidewalks all over the city. Eleven churches, two colleges, a high school and the finest system of public schools, white and colored, in the State. Western Kentucky Lumber Agency with a population of 500, two miles east of the city. A \$100,000 court house with town clock in the dome. A fine fire department and a company of State Guards. Little River town, 10 miles west, has a supply of water for all purposes. Real estate low and rents cheap. Fine opening for woolen mill, pork packing establishment, fruit canner, tannery and many other enterprises. Climate mild and invigorating and exceedingly healthful.

The West Virginia count is nearing an end, with Fleming, Dem., 108 votes ahead for Governor.

Emmons Blaine and Miss McCormick will be married at Richfield Springs, N. Y., on the 26th inst.

Proctor Knott, the great race horse, was sold at auction Monday to Scroggins Bros. for \$17,100. He was owned by Sam Bryant.

A genuine case of Asiatic cholera is reported from Little Sandusky, Ohio, 15 miles from Pittsburg, and a panic has ensued.

Only 28 members of the last Legislature were re-elected this year. Of these 24 are in the House and 4 in the Senate. This does not of course include the hold-over Senators.

Mr. C. M. Grubbs has resigned the position of Chairman of the Executive Committee of the K. P. A. and Judge W. M. Beckner, also of Winchester, has been appointed in his stead.

Devlin Ragland, son of Mr. W. S. Ragland, one of the best known and most popular young men in Bowling Green, shocked that city Monday by putting a bullet in his brain, without leaving any word of explanation.

The State Line Railroad proposition was given a majority of 383 in the election in the Henderson district last Monday. Several other districts in the county also voted to aid the new road, which is to run south by way of Bowling Green.

The count of the constitutional convention vote is progressing slowly. In 48 counties, from Adair to Harlan, alphabetically, the vote for the call is 66,185 and against 50,047. Majority in favor of the call 16,138. Registered voters 119,232, of which the convention received 9,509 more than half. The last figures represent the real majority under the law.

The public debt was increased \$6,072,092, during the month of August and the cash in the Treasury is now \$43,480,000, a decrease of \$22,307,180 in thirty days. Under the Democratic administration the public debt was decreased at the rate of about \$10,000,000 a month. The great increase in the debt shown above is due largely to the fraudulent pension raids. The expenses of Tanner's department for the month show an increase of \$9,000,000 over August 1888. The looter is getting in his work and nearly one-third of the surplus has disappeared in four months.

Berry Binford Dead.

MEMPHIS, Sept. 3.—Berry H. Binford, who was the youngest soldier in the Confederate army, died yesterday while on a business trip to Monroe, La. His father, Dr. Binford, was a surgeon in the Confederate army. The boy, when about 9 years old, struck out to find his father, and reported to Gen. Wheeler, who took him for a Federal spy sent in by some of the Union people. The General kept an eye on the little chap, and finally turned him over to Col. Josiah Patterson, who knew Dr. Binford, and at once assumed the care of the boy. As he would not go back home, a pony was secured for him, a gun was sawed off the length and he was recognized from that time on to the end of the war as a soldier. It is stated that young Binford and another boy, not much older, undertook to do a little special service once. They went out between the lines, somewhere up in North Alabama, threw up some small breastworks and awaited the advance of the Federals on the opposite side of a small river. The column came in sight and the boys opened fire as if backed by an army, which the Federals naturally supposed to be a force. The boys held the fort a whole day and when night came on they scampered off and rejoined their command several miles away. Binford was the famous soldier case that caused a panic in this city last summer, and subjected several distinguished physicians to a perfect avalanche of chaff when it turned out to be a case of alcoholism instead of yellow fever.

Syrup of Figs.
Produced from the laxative and nutritious juice of California figs, combined with the medicinal virtues of plants known to be most beneficial to the human system, acts gently on the kidneys, liver and bowels, effectively cleansing the system, dispelling colds and headaches, and curing habitual constipation.

WATERMELONS.

A Guess at the Lumber Eaton in Hopkinsville.

Few people are aware of the magnitude of the watermelon trade in Hopkinsville. In the early part of the season large shipments of Southern melons are received, but it is not until the home melons are ripe that the actual consumption begins. The crop is usually ready for the market by the first of August, but this year the melons were about two weeks late in ripening. The season is now at its height and will after this week begin to wane. Melons of the finest quality weighing from 25 to 40 pounds can now be bought from wagons on the streets for 25 cents, and 10 cents will buy one large enough for two men to eat and have all they want.

It is a difficult matter to estimate how many melons are sold here in a season. As yet there have been no attempts made to raise them for other markets and the entire crop is consumed at home.

A few years ago there were only one or two growers who made a business of raising watermelons for this market. Now there are perhaps a score of them. Among the more prominent and successful ones are Fountain Cox, C. T. Yancey, James G. Yancey, W. L. Parker, Dave Halston, Jas. B. Ferguson and J. F. Meacham. All of these have raised fine crops this season and have brought in load after load of fine melons as ever grown in the county. Mr. Jas. Yancey claims the blue ribbon for size, having raised several that weighed more than 50 and one that reached 58 pounds. Will Parker raised one 53 pounds and others almost as large. Dave Halston has perhaps brought more loads to market than any one of the others. Besides these there are many other raisers who have helped supply the demand and it is not an over-estimate to say that 200 wagon loads of melons have been sold in Hopkinsville within the last five weeks.

These will probably average 50 melons that will sell at 25 cents each, which would make a total of \$2,500 or \$500 a week paid for them. This money is divided between the producer and the retailer, but most of it goes to the producer. The figures show watermelon raising to be very profitable. The largest raisers cultivate only a few acres and with anything like a good yield they can clear from \$100 to \$200 per acre.

Sea Shore Excursion.

Mr. W. A. Wilgus spent several days this week among his old friends in this city, after concluding one of the largest and most happily managed, one of the most satisfactory, and the best satisfied railway excursions which ever journeyed from Western Kentucky and Middle Tennessee to the Atlantic seaboard, via the Chesapeake & Ohio railroad, under whose auspices the excursion was instituted. About two hundred and seventy-five citizens of Western Kentucky took part in the excursion, and the party, which represented the best elements of our population. It was a party whose intelligence, courtesy and good humor invested it with an atmosphere of perpetual sunshine. Arriving at Old Point Comfort the party dispersed according to individual choice, on excursions to Washington, New York, Baltimore, and many other points of interest, one of the most attractive and novel being the sea voyage from Norfolk to New York, a distance of 300 miles, sailing in sight of Cape May, Long Branch, Atlantic City, Ocean Grove and other popular resorts on the coast. The addition of this delightful voyaging, led nothing to be desired for making a perfect excursion.

If the conductor of this excursion was fortunate in the character of his tourists the latter had equal reason to be pleased with Mr. Wilgus who was acting in his labors in behalf of the passengers. His vigilance never slept. His industry was tireless in promoting the pleasure of all who were in his charge. He acquitted himself in every duty to the highest satisfaction of the whole party, who will ever cherish a lively remembrance of his urbanity and friendly attentions during their summer jaunt.

TRIGG COUNTY.

WALLACE, Ky., Sept. 3.—The recent rains have revived the fields very much. Tobacco looks a great deal better than it did a week ago. Corn is very nearly matured, and some people say corn will sell for one dollar per barrel.

Wheat sowing has begun. A large acreage will be sown. The association of colored Baptists was held at Rocky Ridge, two miles from town, last Friday, Saturday and Sunday. There were large crowds in attendance every day. The association meets next year in Burlington.

PERSONALS.
Judge Kelly, of Cadiz, was in town this week visiting Mrs. Geo. Boyd, nee Miss Lella Kelly.

Eid. D. S. Campbell held a quarterly meeting at Zion on the 24th and 25th of last month. Mr. Harry Wilkerson, a popular insurance agent of Cadiz, was in town last Thursday and Friday on business. He has many friends here. Mr. Vanamuel, of Rialdo, Ky., was in town last Saturday visiting friends and relatives. Mr. Homer Blaine, of Montgomery, was in town last Saturday. Messrs. W. C. Bingham and Geo. Boyd, of this place, paid Hopkinsville

TOBACCO NEWS.

LOUISVILLE TOBACCO MARKET.

Published by GUYER & DERRICK. Sales on our market for the week just closed amount to 3,386 hds. with receipts for the same period of 4,047 hds. Sales on our market since January 1st amount to 90,555 hds.; sales of the crop of 1888 on our market to date amount to 65,161 hds. We are again called on to report a week of very heavy receipts and sales. Under this heavy pressure prices for medium dark leaf and common lugs are easier, while fat rich leaf and lugs of extra length were fairly firm. The following quotations fairly represent our market for dark tobacco both old and new:
Trash, \$1 00 to 1 75.
Common to medium lugs, \$2 00 to 3 00.
Dark lugs, extra quality, \$3 00 to 4 50.
Common leaf, \$4 00 to 5 00.
Medium to good leaf, \$5 00 to 6 00.
Good leaf extra length, \$5 50 to 7 00.
High wrapper tobacco, \$7 50 to 13 75.

THE PUBLIC SCHOOLS.

The public schools opened Monday fully up to last year's figures in spite of the bad weather. The number of boys enrolled was 215, girls 275, total 493. The teachers have been assigned as follows:
1st year grade, room 1, Mrs. E. W. McKee.
2nd year grade, room 3, Mrs. R. M. Bramham.
2nd year grade, room 2, Miss Katie McDaniel.
3rd year grade, room 4, Miss Lillian Bush.
4th year grade, room 5, Miss Julia Arnold.
4th year grade, room 9, Miss Mattie Young.
5th year grade, room 12, Miss Inez Ellis.
5th year grade, room 11, Miss Anna Bradley.
6th year grade, room 10, Miss Willie Poland.
6th year grade, room 5, Miss Susie Rutherford.
7th year grade, room 6, Miss Hatlie A. Dietrich.
8th year grade, room 8, Miss Lella Mills.
9th year grade, room 7, Mrs. A. McJ. Harrison.

State of Ohio, City of Toledo.

Frank J. Cheney makes oath that he is the senior partner of the firm of F. J. Cheney & Co., doing business in the City of Toledo, County and State aforesaid, and that said firm will pay the sum of ONE HUNDRED DOLLARS for each and every case of Catarrh that cannot be cured by the use of Hall's Catarrh Cure.

FRANK J. CHENEY.

Sworn to before me and subscribed in my presence, this 6th day of December, A. D., '89.

A. W. GLEASON,

Notary Public.

Hall's Catarrh Cure is taken internally and acts directly on the blood and mucous surfaces of the system. Send for testimonials, free.

F. J. CHENEY & Co., Toledo, O.

Sold by Druggists, etc.

What Your Wife Wants

After the honeymoon.

"Alfred."

"What is it, dear?"

"You'll take me to the seaside this summer, won't you?"

"Now, you know, darling, that I can't get away; but if you don't mind going by yourself—"

"Oh, Alfred, how nice you are? That was ever so much better than I could have hoped."—Judge.

Her Execution

"Well," said Uncle Hiram, who used to belong to a singing club in his early days. "I never heard a woman play like that woman we heard in Boston that night. It was just awful. My ears ache even now."

"Yes," replied his nephew, "she was rather loud, that's a fact. But then her execution—"

"George!" exclaimed the old gentleman, as he seized his nephew by the arm, "you don't mean to say that they went so far as that? Well, isn't

a flying visit last Monday. Mrs. Fannie Baker and family are visiting Mrs. Luther Haydon, of Paducah. Miss Willie Caldwell is visiting relatives in Paducah. Miss Mollie Boyd is spending the summer in Canton with her many friends there.

USEFUL AND SUGGESTIVE.

—Honey and flour made into a salve is an excellent remedy for boils.

—Olive oil saturated with camphor makes an excellent application for inflammation swellings, also for rubbing rheumatic joints.

—The cheapest way to purchase soap is to buy a box full at once. Put it where it will dry thoroughly, and it will last nearly twice as long as soap used while it is green.

—For a foal make a strong syrup of Indian turnip and tobacco; and a spoonful of turpentine, and make into a poultice with bread or bran. Bind on the foal and you will have relief at once and a cure very soon.

—The first great thing in the treatment of consumption is air. The patient should be as much as possible out of doors and exposed to the sunlight. Next to air comes nourishing food, the patient needing plenty.

—Meat Balls.—Take scraps of meat (uncooked) pieces being better than cooked), together with a small bit of sweet salt pork, and chop them very fine; also a small onion, if liked, and add to two cupfuls of meat one of fine bread crumbs, salt and pepper to taste, a little minced parsley if you have it, and an egg to bind all together. Drop into very hot lard, and serve on a bed of fresh, crisp water-cress.—Country Gentleman.

—A great convenience for a veranda in summer will be found in a round box with a cover. This box can be elaborately decorated. Have the cover stuffed so that the box will answer a double purpose, that of ottoman on occasion, and a receptacle for one's work, newspapers, books or light wraps, which, if left on a chair or sofa, might be found missing, as the wind has a most surprising way of whisking light articles out of sight.

—Strawberry vinegar is a safe and cooling drink, especially for feverish children. Let a gallon of berries stand forty-eight hours in one quart of cider vinegar. Then mash and strain, adding one pound of loaf sugar to every pint of liquid. Put over the fire, do not allow it to boil, only to simmer for half an hour; strain it well, and when cold bottle and cork it tightly. The united acids in this beverage are said to be a powerful regulator of the circulation.

—N. Y. Independent.

Common Sense

In the treatment of slight ailments would save a vast amount of sickness and misery. One of Ayer's Pills, taken after dinner, will assist Digestion; taken at night, will relieve Constipation; taken at any time, will correct liver troubles of the Stomach and Bowels, stimulate the Liver, and cure Sick Headache. Ayer's Pills, as all know, are made of pure cathartics, and are pleasant to take, and always prompt and satisfactory in their results.

I can recommend Ayer's Pills above all others, having long proved their value as

for myself and family.—J. T. Hess, Letticeville, Pa.

I have been in use in my family upwards of twenty years, and have completely verified all that is claimed for them.—Thomas F. Adams, San Diego, Texas.

"I have used Ayer's Pills in my family for seven or eight years. Whenever I have an attack of headache, to which I am very subject, I take a dose of Ayer's Pills and am always promptly relieved. I find them equally beneficial in colds; and, in my family, they are used for bilious colic, and other disturbances, with such good effect that we rarely if ever have a physician called.—H. Voncken, New York.
